

ABOUT ME

HELLO, I'M KENDRA

THANK YOU FOR STOPPING BY!

I'm a pet photographer based in Evansville, IN. I have been practicing photography since 2006. I took a photography class in high school as an elective and fell in love with it. I graduated from University of Evansville with a bachelor's degree in Visual Communication.

I have been an animal lover since childhood. After years of experience in photography, I decided to specialize in pet photography to fulfill my passion for both animals and photography.

LET'S GET IN TOUCH
